

## 7. ONE STEP

I found an old train ticket  
In my old coat pocket  
There are so many places I have yet to see  
I wear a silver locket & I take it everywhere  
But when I go I leave my heart with you

One step forward  
One step back  
And I'm right where I started  
When it's all said & done  
One foot on a mountain climbing steady & true  
One foot on the river road that takes me home to you  
La la la  
La la la la  
La la la

Maybe I could settle down  
But I'll never settle  
I need to jump off cliffs  
See if I can fly  
I don't know why  
La la la  
La la la la  
La la la

One step forward  
One step back  
And I'm right where I started  
When it's all said & done  
One foot on a mountain climbing steady & true  
One foot on the river road that takes me home to you  
La la la  
La la la la  
La la la
